DIED SUDDENLY
OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and *permanent* influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds! It strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

THE LARCHMONT HORROR.

Ugly rumors of cowardice and brutality on the part of the members of the crew of the steamer Larchmont are following close on the heels of the shock occasioned by the disaster last Monday night.

Captain Haley is accused of thinking more of saving his vessel, which he beached, than of lending aid to the sinking steamer, while Captain McVey says he was the last man to leave his vessel. Seafaring men point significantly to the fact that he left in the largest boat—the captain's boat—which was only partly filled, while many other boats and the life rafts were so crowded that the first wave swamped them or washed half their luckless occupants into the icy sea.

A statement made by Fred Hiergesell, an 18-years-old boy who was returning to his home, after having been a runaway for nearly a year, contained the first direct charges against Captain McVey and his crew. Hiergesell asserts that Captain McVey's boat was the first one which left the sinking steamer. He said that he saw many women on the hurricane deck rushing about helplessly and begging for life-preservers. Many of these women pleaded with panic-stricken passengers and crew to direct them to the lifeboats, but their prayers were unheeded.

Young Hiergesell said: "My stateroom was almost at the point of collision on the port side of the steamer. I was in bed with my clothes on and when I rushed on deck I found the officers reassuring the passengers and telling them that they were in no immediate danger. The captain left his steamer in the very first boat. I cannot be mistaken as to his identity, for I saw him on the Kentucky as we came over to Providence this afternoon, and he is the same man who stepped into the first boat launched from the sinking vessel. The second boat was taken possession of by a gang of negro waiters. The men seemed to have lost their heads and so many of them crowded into the boat that it capsized as soon as it struck the water and I believe that all of them were lost. I got into the third boat with five other men. There were no oars in the boat, and we were obliged to drift with the wind and the waves. Four of the men were seated on the side of the boat and another man and myself were seated on the opposite side, throwing the boat off its balance. We drifted for several hours, and when we were near land a big wave struck the boat and capsized her. The five men who were with me were drowned, but as soon as I struck the water I began to swim, and, although my hands were terribly frozen and my feet felt like lead, I succeeded in reaching the beach, where someone dragged me out of the water. It was an awful sight on the hurricane deck of that steamer. I saw a lot of women running around helplessly, calling for life-preservers and begging that they be directed to lifeboats, but no one paid any attention to them, and they were absolutely neglected. I did not see many life-preservers around. As I left the ship many people were jumping overboard just as the steamer began to slip beneath the waves."

Block Island's two lifesaving stations—one at Sandy Point and the other at New Shoreham—were turned into morgues and hospitals during the night, and the dead crowded the living. The boat-room floors were lined with the dead, each one frozen as stiff as the boards on which it rested. In the living and sleeping rooms the suffering survivors rested on cots and beds, racked with the pains of frozen limbs and shuddering at the recollection of the horror of their experiences. Many were denied the merciful unconsciousness of sleep, and throughout the long, dreary night they tossed and cried and sobbed, and the howling wind outside only served to keep fresh in their minds the terrors of the storm through which they had fought their way to the island. It is feared that none of these survivors will escape unscathed. The frost penetrated too deeply to be overcome by medical treatment, and the surgeon's knife will be the only salvation of some of the unfortunates. Some will lose fingers, some hands; and, it is feared, some of them will be obliged to have limbs amputated.

The Alaska Packers Association have liberated from their Hatcheries in Alaska, up to 1906, over three hundred and fifty-one millions (351,000,000) young salmon. Their Fortmann hatchery is the largest in the world.

Remarkable Sun Spots.

Prof. John A. Brashear, of the Allegheny, Pa., Observatory, has announced a discovery of one of the greatest sun spots ever called to the attention of astronomers. He says as a result electrical disturbances will be experienced throughout the country, probably tonight. These disturbances, he further declares, may take the form of a display of the Aurora Borealis or telegraph and telephone communication may be seriously affected. The present spot is so large it can be seen through smoked glass, and, the scientist adds, is one of the most active of solar spots.

The sun spots are apparently great holes or depressions in the photospheric surface, usually having a dark spot in the middle, surmounted by a sort of radial grating. They vary in diameter from 500 to 60,000 miles for the central black parts, and range up to 150,000 miles for the surrounding less dusky portions. At times they are large enough to be seen with the naked eyes. Their depth is very uncertain, and has been variously estimated from a few miles up to 2,500. The faculæ are bright streaks seen in various parts of the photospheric surface, but usually near spots and most conspicuous when approaching the edge of the solar disk. The spots usually begin as mere dots, and then grow gradually or rapidly to the enormous dimensions already stated.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, FEB. 14, 1907.

THE DEATHS in Frederick, Md., a few days ago of Charles E. and Alice Bentz, brother and sister, brings to light a strange phase which is occasionally manifested by some members of the human race. The couple, although with many thousands of dollars at their disposal, as well as being possessed of considerable real estate, had allowed themselves to freeze to death. They had, it is supposed, denied themselves nutritious food, as well as all comforts of life in order to amass wealth. An examination of the premises occupied by the couple resulted in the discovery of considerable money which had been secreted in various places. The above calls to mind the case of Daniel Dancer, an English miser, who lived in the eighteenth century. He and his sister occupied a small house for many years. Both were of a miserly nature, and the determination of their lives was never to relax hold of a penny that ever came into their hands. It is said that the bill of fare of the couple consisted of suet dumplings, fourteen of which were boiled on Monday, and that this diet was never changed. Dancer was his own cobbler and he had mended his shoes so often that they resembled hog troughs. The sister literally clothed herself in rags, and when she moved about her appearance is said to have suggested a hay stack. The brother wore the same hat for fourteen years, and when some person gave him another caputical covering he sold it for a shilling, and donned his old hat again. The sister finally died, it was supposed from starvation after which Dancer became sick. Lady Tempest, a neighbor, sent him a choice dish and when it reached the miser it was cold. It was necessary to heat it before it could be eaten, and it is said Dancer, rather than incur the expense of a fire, placed the dish under him while he was lying in bed in order to impart the proper temperature to it. After the death of the niggardly man an inventory of his effects revealed the fact that he was worth about fifty thousand dollars. Money was found in chimneys, barns and buried at different places on his farm.

SENATOR SPOONER, of Wisconsin, in the Senate on Monday declared his conviction that a great many of the schedules of the Dingley tariff were so high as to prove detrimental instead of beneficial to the country. Mr. Spooner's remark came as the reply to a statement of Mr. Aldrich, in which he challenged Mr. Spooner's loyalty to the principle of protection to American industries. "I am as good a protectionist as the Senator from Rhode Island," declared Mr. Spooner, "although I have thought for some years that the tariff ought to be revised. We have had a policy for a great many years to protect American industries by the levying of adequate duties. I have been in favor of that policy. I have always supported it. I am in favor of it now, although I think a great many of the duties are excessive and therefore detrimental because of their excess." Senator La Follette, of Wisconsin, yesterday announced himself in favor of an immediate revision of the tariff. He would revise the tariff at an extra session of Congress to be called immediately after March 4, if such a thing were possible. There are but few Senators now serving who do not believe that the tariff should be revised, but they don't seem to know how or when to begin. There is little doubt that if a vote on the question of a tariff revision could be taken it would be carried by a large majority.

THE Southern Railway has issued instructions to trainmen and all their employes against allowing any person under the influence of liquor to board any of the company's trains. The order is a precautionary measure, both to protect the company in case of injury to that class of passengers and to insure the comfort and safety of the travelling public, by whom it is generally approved. Orders to this effect are now in force on all the principal railroads in the United States and will add greatly to the comfort of the traveling public.

TWO WEEKS from Monday next the Fifty-ninth Congress will end its days. With this Congress, as with its predecessors, the common complaint is that important measures of legislation are crowded into the closing days of the session, and many of them are lost for want of time. But let there be not too much grief on that account. If some good measures are lost, more bad ones share the same fate.

A NEW JERSEY posse is searching for a negro who attempted an assault on Miss Mary Wells, near Camden. This offense seems to obliterate the Mason and Dixon line for the nonce.

ONE of the causes why Raymond F. Ayres got a Dakota divorce, yesterday, was that his wife was too fond of ice cream. Women had better beware.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Feb. 14.

The Brownsville inquiry was continued by the Senate military committee today. Sergeant Sam'l W. Harley, of Company C, was the witness. He described in detail the occurrences on the night of the shooting, corroborating previous testimony taken. Company C, he said, did not have any service cartridges in their possession until after the firing had ceased. The only ammunition they had was of the reduced range type, for guard duty. These cartridges have soft lead bullets. The service cartridges were served out in bandoliers while the men were lined up. Afterwards they were all returned and counted. He also said that no member of the company had a bandolier in his possession while at Brownsville. This evidence brought out by Senator Foraker is to show that the empty cartridge shells and the bandolier picked up on the streets of Brownsville could not have belonged to Company C.

Major Jefferson R. Kean, of the medical department of the army, who has been chief medical officer of the American army in Cuba, has returned to Washington with most encouraging reports as to the sanitary conditions of Havana and other Cuban cities and the health of the people and American soldiers. At the beginning of the American occupation there were about ten cases of yellow fever, but Major Kean, who helped clean up Havana following the Spanish-American war, set about the same task again with his corps of medical officers. In a short while the number of fever cases was greatly reduced and finally there were no new ones. The officer reports that there has not been a new case of yellow fever in Havana since Jan. 17, that there has not been a case of it at any time since the occupation among the enlisted men, and only one officer contracted the fever.

The name of Bishop Potter, of New York, who has declared that prohibition is a failure, was hissed at the hearing today before the House committee on the District of Columbia on the Webber prohibition bill. The prohibition forces numbering 150, the great majority of whom were women, when Robert Crane, representing the liquor interests, cited Bishop Potter's condemnation of the prohibition propaganda, broke forth in a storm of protest. Cats calls and hisses lasted for fully five minutes. At each mention of the venerable churchman's name, the white ribboners gave evidence of their disapproval of his attitude. Mr. Crane again stirred up a hornet's nest when he said that prohibition in the Southern States had proven a "rank failure." He referred to the "blind tigers, creators of crime," that now exist in Tennessee owing to the prohibition laws. Representative Sims challenged the statement, denounced it as untrue and proclaimed the virtures of prohibition as it operates in his state.

An unique anti-liquor demonstration took place at the Capitol today. Two thousand advocates of prohibition in the District of Columbia marched around the rotunda and through the corridors of the House, offering silent prayer as they proceeded. They represented the W. C. T. U., the Anti-Saloon League, the Christian Endeavor Society and other temperance and religious organizations. At the conclusion of the parade, in which 1800 women and 200 men participated, a hearing was had in the room of the District of Columbia committee of the House. Fifteen of the marchers each spoke for five minutes in favor of the Webber bill, which, if enacted, would make the capita lof the nation as dry as Bangor. A large delegation of brewers and saloon keepers was present.

President Roosevelt and Representatives Richard Bartholdt and John Sharp Williams discussed the subject of the Second Hague Peace Conference today. Mr. Bartholdt called at the White House to hand the President papers received from the Fourteenth Interparliamentary Convention which has just adjourned in London. Among the documents received was the programme the union suggests for the Hague conference to take up when they meet in the summer. This programme covers the subjects of contraband, neutrals, use of new engines of war and the protection from bombardment of unfortified cities and towns. Mr. Williams suggested to the President that he advocate the placing of the Hague conference upon a more regular and stable base than it now occupies. Instead of meeting semi-occasionally at the call of some one of the powers or a number of the powers, he suggested that it would be better to have the conference meet at stated times. He also proposed that the delegates to the conference be paid a good salary, say $15,000 a year, and be prohibited from working for any other master. During the intervals between the meetings of the conference they might busy themselves codifying international laws.

Replies were received at the State Department from both Nicaragua and Honduras agreeing to arbitrate their differences, as suggested by this government, Mexico and the other Central American states.

Plans for the European trip of the United States Marine Band, under the direction of Lieut. Santleman, have been cancelled, and instead of making its initial tour abroad this summer, the band will make a tour of the New England States, New York, Pennsylvania and Ohio.

While the government has erected statues in the different parks, squares and circles of the city in honor of warriors, they being noted generals and admirals, with scarcely a single exception, a tribute to American letters will now be paid by setting up a bronze statute of Henry Wadsworth Longfellow, who has been designated as a favorite American poet, and who was the only American to be honored by a tablet laid to his memory in Westminister. The most notable exceptions to the custom of erecting statues to the defenders of the country were made in honor of Franklin and Pitt. The national commission on the erection of the Longfellow statue, consisting of Secrefary Taft, president; Senator Wetmore, Representative McCleary and Chief Justice Fuller, the latter representing the Longfellow Memorial Association, has decided upon the site for erection of the statute. The spot chosen is on the triangular federal reservation at the intersection of Connecticut Avenue, Eighteenth and M streets in front of the Church of the Covenant.

The National Red Cross Society today cabled $5,000 to United States Consul General Rodgers at Shanghai, China, for the famine relief fund. This makes a total of $45,000 in cash the Red Cross has sent to Mr. Rodgers for expenditure to relieve the suffering in the famine districts. The society has also notified the State Department that it now has 7,000 bushels of seed wheat at Portland, Oregon, but is having great difficulty in shipping it to Seattle from where free transportation to China has been procured. The grain is ready for shipment but there are no railway cars in which to put it.

Among the nominations sent to the Senate today was that of Floyd Hughes to be collector of customs, district of Norfolk and Portsmouth, Va.

News of the Day.

Several buildings of the Cramp Shipbuilding Company, in Philadelphia, including the pattern shop, were burned yesterday.

Rev. Brother A. Benedict, of St. John's College, died while attending early mass yesterday in St. Augustine's Church, Washington.

President Roosevelt, to prove that he is still of the same opinion as when he delivered his famous discourse on "race suicide," will present prizes to the best all-around baby, prettiest baby and most attractive baby entering in the baby show at the Jamestown Exposition.

A child, evidently born on some passenger train, was found alongside the Norfolk and Western track, between Oakvale and Wills, W. Va., yesterday morning at 11 o'clock by J. A. Snyder, a conductor on a passing freight train. The child was frozen stiff and apparently had come into the world about twenty hours previous to the finding of the body. A rigid investigation will be made.

The divorce case of Mrs. Charles M. Bassett, formerly of Washington, against her husband, a clerk in Washington, opened at Omaha yesterday. Rev. E. Lawrence Hunt, pastor of the Noble Street Presbyterian Church, Brooklyn, who was a co-respondent of the case which Mr. Bassett filed against his wife in Washington, is a witness in the Omaha case, and was in the courtroom the entire time of the court's sitting yesterday. Mrs. Bassett, accompanied by one child, occupied a seat by the side of Rev. Hunt throughout the proceedings. The papers in the case were voluminous and filled several suit cases. The decree issued yesterday in Washington to Mr. Bassett giving him a divorce from Mrs. Bassett was brought to the attention of the court when Bassett's attorneys asked leave to file supplemental answering petitions containing the Washington decree.

CONGRESSIONAL.

In the Senate yesterday the District appropriation bill was passed in sixty-five minutes.

The bill granting the government the right to appeal to the Supreme Court for a construction of the constitutionality of any law involved in a criminal suit was passed after somewhat protracted debate and after amending it so that its operation will be confined to only such cases as effect the validity or constitutionality of the statute under which action is brought. It has already passed the House.

The conference report on the immigration bill was received and an effort may be made to act upon it today.

Mr. McCreary sprung a surprise by offering the Philippines tariff bill as an amendment to the agricultural bank bill, and both matters went over. At a night session many private pension bills were passed.

The entire session of the House was taken up in consideration of the naval appropriation bill. More than half of the bill was completed.

Suffrage Question.

Judge Nathan Goff, sitting for the Eastern District of Virginia in the United States Circuit Court, in Richmond, yesterday began hearing argument in the cases involving the validity of those clauses of the new Virginia Constitution which touch on the exercise of the suffrage. The cases that will be considered, probably for several days, are entitled John E. Brinkhouse vs. C. T. Brooks and William Jessop, and Anthony S. Pinner vs. John S. Barbour and others.

Brinkhouse is a negro, who sues two judges of election in Norfolk county. Brinkhouse sues for $5,000, and speaks of "the degradation and humiliation imposed upon him by the defendants injuring him and depriving him of the rights of citizenship and destroying his rights as a free man and otherwise depriving him of his right to vote and his rights, privileges and immunities secured to him by the United States Constitution and laws."

To Tip or Not to Tip.

The Commissioners of the District of Columbia yesterday announced that they will, on Saturday morning, beginning at 11 o'clock, give a public hearing on the Murphy anti-tipping bill, which has been referred to them by the House committee on the District of Columbia for a report.

Notices have been sent to the various citizens' associations, the Board of Trade, the Jobbers and Shippers' Association and others and to others interested. It is understood that the headwaiters of the leading hotels, bellboys, etc., will be represented at the meeting in opposition to the measure.

Masonic Grand Officers.

The Grand Lodge of Masons of Virginia, in session in Richmond, last night elected officers for the coming year, as follows: S. J. Quinn, Fredericksburg, grand master; J. W. Eggleston, Richmond, deputy grand master; J. W. Kellam, Wachapreague, grand senior warden; W. B. McChesney, Staunton, grand junior warden; W. Fred Pleasants, Richmond, grand treasurer; Geo. W. Carrington, Richmond, grand secretary W. L. Andrews, Roanoke, grand senior deacon; B. K. Boyman, of Essex, grand junior deacon.

New York Stock Market.

New York, Feb. 14—London helped give the market a firm tone generally at the opening and in the early trading with the purchase of about 25,000 shares, mostly Union Pacific, St. Paul, Steel, and Reading. Selling through the rest of the first hour, caused a reaction all through the rest of the list of 1 to 2 points, in which practically everything traded in shared. Sec common was an exception to the general downward movement advancing 3½ points.

Virginia News.

Rev. Dr. W. A. Barr, pastor of St. Luke's, Norfolk has declined a call to Monumental Church, Richmond.

Rev. A. W. Graves has accepted a call to the Baptist churches of Crooked Run, Cedar Run and Rapidan in Culpeper county.

A marriage license was issued in Washington yesterday to Howard A. Birdsall, of Purcellville, and Mary Tavenner, of Lincoln.

Lawmaking and business organizations of Norfolk and Portsmouth will endeavor to have the rivers and harbors bill so amended as to provide for a 30-foot channel to the navy yard.

Thomas S. Stadden, a wealthy farmer, was found dead in his barn at Wadesville, Clarke county, yesterday. It is believed that death was due to a heart attack. Mr. Stadden, who was eighty years of age and a native of Pennsylvania, was a "Forty-niner" and made a fortune in the California gold field.

At Whitmore Tuesday night, Ward McIntyre, a young farmer, married his foster-sister, Miss Lillie Mason. The bridegroom is a son of Ashby McIntyre, and the bride is the daughter of Mrs. Ashby McIntyre by a former marriage. Her father is George Mason, who is divorced from his wife, the latter afterward marrying Mr. McIntyre, whose first wife is dead.

Miss Mary Malady, of Winchester, has been taken to the Georgetown University Hospital, in a critical condition, as the result of serious burns. Miss Malady was ill with the grip, and, getting out of bed, went to a stove in her room to get warm. Her clothing caught fire, and before assistance reached her she was burned from her waist down. The chances of her recovery are slight.

The contest for the position of State medical examiner of the Royal Arcanum for the State of Virginia has terminated with the appointment of Dr. Alexander G. Brown, jr., of Richmond, to fill the vacancy occasioned by the death of Dr. Charles L. Culpeper. Official notice of the appointment was made by Grand Regent Bickers yesterday from Supreme Regent Howard E. Wiggins, of Rome N. Y.

As a mark of respect for the memory of Alfred Walter, late president of the Seaboard Air Line Railway, it was yesterday directed in an official order issued by W. A. Garrett, first vice president and general manager of the Seaboard system, that all trains on the lines of the Seaboard come to a full stop, wherever they may be, at the funeral hour in New York today at 3 p. m., and remain standing for a period of five minutes.

In an interview in Norfolk yesterday Alvah H. Martin, patronage referee of the republican party of the Second district, brands as ridiculous the charge filed against Stephen B. Carney that he compelled the late Postmaster Waddy to share his salary with him. He denies that he and other parties holding judgment against Carney are urging his appointment as postmaster in order that they may be paid, but, on the contrary, declares that Carney owes him nothing. He insists that when Carney withdrew in favor of Nichols four years ago it was agreed that he should receive the appointment this time.

Misers Die in Want.

A further investigation by a coroner's jury into the death of Charles E. Bentz and his sister, Alice V. Bentz, in Frederick, Md., was concluded yesterday and a verdict was rendered to the effect that both died from neglect and want of proper medical attention.

The couple, it has been learned, left an estate valued at about $25,000 in cash and on deposit. In the Citizens and Farmer's and Mechanics' National Banks was found an interest account aggregating $11,384, more than $6,000 being in the name of Mr. Bentz and the balance in the name of his sister. About 15 houses, including the home property, located in different sections of Frederick, are owned jointly by them, in addition to a farm in Tuscarora district, near Frederick.

The most startling discovery was made at their home, when, a search through two rooms, a total of $1,964.84 in bank notes, silver and gold was found.

In another chest, which was also broken open, was found seven shot sacks filled with silver and a pocketbook containing gold amounting in all to more than $600.

Among a number of old letters were found several notes due, and stored all over the house were odd pieces of furniture and luggage taken by the deceased in payment of rent from delinquent tenants. Most of the cash thus far located in the house was found in the room occupied by Mr. Bentz. About $900 has been taken from the adjoining room, in which the dead body of Miss Bentz was found.

The Gordonsville Assaults.

Evidence connecting three young men of Gordonsville with the recent alleged assaults upon girl students at the Academy of Music is said to be in the possession of the father of one of the victims. J. E. Davenport, whose daughters, Annie and Lottie, were among the girls chloroformed, was in Richmond yesterday and had a conference with detectives, the full details of which were not made public.

Up to the present time it has been denied that either of the Davenport girls was assaulted, but it was stated yesterday that one of them was a victim of the intruders.

In all of the cases every attempt has been made to keep the facts from the public. The other two victims, the Misses Bowers, of Orange, were taken to their home immediately after the occurrence, and the officials of the town have systematically denied that there was any criminal assault. The father of the Bowers girls, however, has maintained throughout that his daughters were assaulted.

Today's Telegraphic News

The Thaw Trial.

New York, Feb. 14.—The condition of Mrs. Joseph H. Bolton, wife of Juror No. 11, in the Thaw trial, was unchanged this morning, according to the report sent to the criminal courts building. She is suffering from pneumonia, and is in an exceedingly precarious condition.

Howard Nesbit, brother of Evelyn Nesbit Thaw and generally regarded as a prominent witness for the state against Harry K. Thaw, is said to have had a tilt with District Attorney Jerome and that he has balked flatly on the proposition of going on the stand to defend the memory of Stanford White and break down the evidence of his sister. The refusal of Jerome to promise Nesbit that his sister should not be prosecuted for perjury is said to have caused the break.

Dr. Evans was recalled as the first witness when court convened this morning.

A recess was taken at 10:45 until 2 o'clock, owing to a message to Juror Bolton that his wife was dying.

New York, Feb. 14.—Mrs. Joseph H. Bolton, wife of juror No. 11 in the Thaw trial, is dead, having passed away before her husband could reach her bedside after having left the court building.

It is propable that the Thaw case will be adjourned until Monday or Tuesday of next week.

As soon as news of Mrs. Bolton's death reached the court house, Assistant District Attorney Garvan announced that court would convene at 2 o'clock, only to adjourn until Monday.

New York, Feb. 14.—Judge Fitzgerald adjourned the Thaw hearing at 2:40 until next Monday morning at 10:30. In the meantime, the members of the jury will be allowed to separate and will not be kept in confinement or under guard of court officers.

All the possibility of the trial continuing with eleven jurors was knocked out late this afternoon by a statement from Assistant District Attorney Garvan, that while the State was anxious to do everything to make possible a continuance of the trial, it could not under any conditions consent to a continuation with an incomplete jury.

Identifying the Dead.

Providence, R. I., Feb. 14.—Before the doors of the morgue a crowd had gathered outside anxious to view the 45 stark bodies brought in last night by the steamer Kentucky. When the morgue closed its doors at 11 p. m. fifteen or twenty had been identified, and some had been removed by relatives or friends.

It took three hours to convey the dead from the dock to the marble slabs and then began scenes of grief that made even the hardened attendants turn away.

The worst came when it was decided to admit some of the women who for three hours had been waiting in the undertaker's office to be called to view the bodies.

Slowly the sheets which had been placed over the first two corpses were turned down and with cries which were heart-rending, two of these women literally threw themselves upon the bodies which were those of Casper Hess, of Albany, and Eric Nelson, the first and second assistant engineers.

"My God, this is my poor husband," cried one. "Oh, my poor husband," exclaimed the other.

Mrs. Hess collapsed and had to be carried from the morgue.

Other women came in and looked long at the bodies, weeping and sobbing as they made the terrible round of the rooms. One of the most trying scenes was that which followed the identification of the body of a young man. Mrs. Laura J. Franklin, of Attleboro Falls, Mass., was looking for the body of her son, Millard H., better known as "Young Houdini," who was on his way to fill a New York engagement.

Mrs. Franklin fell on the body of her son, with a piercing shriek, becoming so hysterical that it was necessary to remove her with some force. As this was done she cried out piteously. "Don't tear me away from my darling, don't take me away."

The New Britain Savings Band.

New Britain, Conn. Feb. 14.—A crowd surrounded the Savings Bank of New Britain, today, and the developements of yesterday afternoon when officials announcement was made that the defalcations of Treasurer Wm. F. Walker, as shown by the examination by the bank commissioner, would reach $565,000, leaving $148,000 of the surplus unimpaired, did not seem to have any effect in allaying the anxiety of depositors.

The bank was open for business as usual today and the bank officials were kept busy receiving notices of intention to withdraw deposits under the ninety day rule and they are being filed as fast as they are received. The warrant issued for Treasurer Walker by the local prosecuting attorney charging him with defalcation was placed in the hands of Chief of Police Rawlins, who has gone to New York to turn it over to Inspector McLaughlin, of the Detective Bureau.

The feeling against Treasurer Walker is intense, especially among the foreign element. Word came to police headquarters that a crowd of angry foreigners were surrounding the home of the missing treasurer where Mrs. Walker is in a highly nervous state, and police were sent there and remained on guard through the night to see that no damage was done.

Four Children Burned to Death.

Bridgeville, Del., Feb. 14.—A tenement house on the farm of Representative O. A. Newton was burned early this morning, and four children met a horrible death in the fire. The house was occupied by Isaiah Johnson and his family who were sleeping on the second floor when the fire was discovered. So quickly did the flames spread that only Johnson and the eldest child managed to escape by jumping from the second story window. The father made several attempts to save his children, but the heat was so intense that he was compelled to flee, and just as he leaped from the building, it fell with a crash and the children were burned to death, while he looked on powerless to act.

Explosion of Oil.

Jersey City, N. J., Feb. 14.—A terrible explosian shook Bayonne, Staten Island, and the Greenville and Bergen sections of Jersey City, about 11 o'clock this morning, and a moment later dense clouds of black smoke arose from the immense Standard Oil works at Constable Hook, on the New Jersey shore of the Staten Island channel. Investigation shows that an eighty foot tank, containing 25,000 barrels of water white oil had exploded, breaking glass in hundreds of buildings in Bayonne. Three of the employes of the oil company were slightly injured. The company's fire department is fighting the blaze. The oil in the adjoining tanks were drawn off.

Thaw Sued.

New York, Feb. 14.—Dr. Charles L. Dana insanity expert has sued Harry Kendall Thaw for $1,000, said to be due for services rendered. Dr. Dana was employed by one of the Thaw counsel who subsequently was discharged from the case. He made three visits to Thaw in the Tombs. He says that his bill was ignored when it was presented and that he turned it over to his lawyer for collection? Dr. Dana says however, that the suit will be brought at this time by mistake. As he had no desire to harras the Thaw family.

Explosion.

New York, Feb. 14.—Manhattan, Brooklyn and Jersey City were severely shaken up this morning by an explosion at Bayonne, N. J. The first idea was that the shock was an earthquake and there was wild panic along the river fronts. It is said that the explosion was one of the big Standard Oil tanks. It is reported that a number of people are injured. A telephone message from Bayonne says that no one was injured in the explosion, but that five hundred barrels of oil were destroyed.

Searching for Remains.

Los Angeles, Cala., Feb. 14.—Fifty men are working in the wreckage of Crossaty's restaurant, today, in an effort to recover two bodies of persons supposed to have been buried by the explosion yesterday, when a waitress was blown to pieces and 35 persons injured. The explosion was caused by gas and the walls of the building were shattered and fell.

Schools Teachers Reported Killed.

Manila, Feb. 14.—Two American school teachers, W. J. Bassetter and Walter J. L. Ise, are reported killed in the raid of Pulajanes, in which they burned two towns in the province of the Occidental Negroes and killed six members of the constabulary yesterday. Schools are the main ports of attacks and complete reports of the loss of life are lacking.

Edna May to Marry.

London, Feb. 14.—It was announced yesterday that Edna May, the American actress, is to marry Oscar Lewishon before the year is out. The couple will reside in London after the wedding and it is said that the young woman will positively continue her stage career.

Motor Plant Destroyed.

New York, Feb. 14.—The Deimler Motor Company's plant in Long Island City, burned out today with a loss of $400,000.

Fifty-ninth Congress.

Washington, Feb. 14

SENATE.

The Senate today passed a bill directing the geological survey to investigate the water resouces of the United States. The pollution of interstate streams by sewage is one of the subjects to be inquired into.

Two memorials from the general assembly of Oregon were read in the Senate today. One advocated the election of United States Senators by popular vote. The other recommended that the pay of rural carriers be fixed at $1,000.

The Senate today passed a bill appropriating $170,000 for an addition to the government building at Sioux Falls, South Dakota.

In a speech in the Senate today Senator Knox, of Pennsylvania, announced his opposition to the resolution reported from the committee on privileges and elections "that Reed Smoot is not entitled to a seat as a Senator of the United States from the State of Utah." Senator Knox said he did not think the Senate would seriously consider that any question was involved except of expulsion, requiring a two-thirds vote. Smoot held all of the qualifications as a Senator required by the constitution and the Senate had no right to require other qualifications nor to deprive a Senator of his seat by a majority vote. The only charge against Smoot, he said, was that he belonged to the Mormon Church.

Administration leaders made another effort this afternoon to get the Senate to adopt the conference report on the immigration bill, which contains the provision aimed to exclude Japanese coolie labor from the continental United States.

Mr. Bacon said there were many important questions involved, aside from the one affecting the Pacific coast. He objected to an agreement for a vote before adjournment tomorrow.

Mr. Tillman became angry over the demand of those in charge of the report that it must be considered immediately unless an agreement for a vote for this week was reached. He raised a point of order against the administration's provision.

HOUSE.

The influence on members of hundreds of white ribboners in the House galleries to influence temperance legislation made it very difficult for Speaker Cannon to get the House to do business today.

Finally he gave vent to his irritation by taking a jab at Chairman Foss, in charge of the naval appropriation bill, for not making a motion to take up that bill. Mr. Foss had done so, but the Speaker had not heard him.

TRIBUTE OF RESPECT.

The following resolutions were adopted by the vestry of Christ Church of Alexandria, Va., on February 12, 1907:

Whereas, it has pleased Almighty God, in His infinite wisdom, to remove from our midst our friend and fellow vestryman,

NICHOLAS P. T. BURKE,

Now, therefore, be it resolved, That by his death our church has lost a consistent and faithful member, this vestry a most efficient adviser, and each member thereof a true and valued friend.

Be it further resolved, That by his death this community has lost a citizen whose life had been devoted to its best interests, and whose services and noble traits of character will long be held in loving remembrance by his many friends.

Be it further resolved, That a copy of these resolutions be sent to the family of the deceased and be published in the Alexandria Gazette and the Southern Churchman.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 6:52 a. m. and sets at 5:37 p. m. High water at 10:02 a. m. and 10:27 p. m.

Weather Probabilities.

For this section partly cloudy and colder tonight and Friday; fresh, possibly brisk northwesterly winds.

The Weather and River.

The weather grew mild last night, and the mercury in the thermometer at 7 o'clock this morning stood at 40°. The sunrise attracted the attention of most people who were moving about as the orb appeared over the Maryland hills. The day god is said to bear remarkable spots, and astronomers tell us we are likely to see beautiful displays of the Aurora Borealis tonight.

The mercury kept on its upward path as the day advanced, and much of the ice and snow which had been on the streets during the past week disappeared under the sun's rays.

The ice on the river in front of the city is rapidly breaking up. In fact the channel is clear from bank to bank, while the accumulation on the flats is moving and going to pieces. This due to hourly trips of the ferry steamer between this city and Washington and the daily arrival and departure of the Norfolk steamer. Powerful government tug boats between the Washington navy yard and Indian Head have also kept the ice moving. But in some places in the river where the channel is narrow and in the bends, heavy gorges have formed and some difficulty is experienced by steamers in forcing their way through them.

The steamer Northumberland, which left Baltimore Tuesday afternoon, was stuck in the ice near Indian Head when the steamer Norfolk passed that point at an early hour this morning. She was expected to reach this city during the day.

Charters.

The Corporation Commission has granted the following charters: Nowland Safety Appliance Company, Inc., Alexandria. Incorporators—G. A. Nowland, F. C. Beattie; F. Beattie, president; C. W. Nowland, secretary and treasurer; J. H. Beattie, all of Alexandria, Va. Capital stock—Maximum, $30,000; minimum, $30,000. Objects and purposes: Acquire patents.

Dupont Garage Company, Inc., Alexandria. Incorporators—W. S. Washburn, president; G. P. Sacks, vice president; C. F. Sponsler, secretary; R. A. Kiock, treasurer, all of Washington, D. C. Capital stock—Maximum, $50,000; minimum, $29,000. Objects and purposes: Automobile business.

Preparing for the 22nd.

The George Washington Birthday Association is busily engaged in arranging details for the celebration of the anniversary of the birth of Gen. Washington on the 22nd instant.

A meeting of the Friendship Veteran Fire Association will be held during the next few days, when arrangements will be made for the exhibition of the engine belonging to that organization.

The City Council at the meeting Tuesday night accepted the invitation of Mount Vernon Chapter, Daughters of the American Revolution, to attend the anniversary services in Christ Church on that day.

Proposed Great Falls Bridge.

Secretary Taft has suspended the permit granted a few weeks ago by Assistant Secretary of War Oliver for the construction of a bridge across the Potomac river at Great Falls. Mr. Taft feared the bridge would interfere with the natural beauties of the scenery at Great Falls, of which he is an ardent admirer.

The permit for the building of the passenger bridge at Great Falls was granted to a syndicate represented by E. Baier. The bridge was to have been a steel suspension bridge sustained by two towers on Falls Island, one tower on the Maryland and the other on the Virginia shore.

Sent to Jail.

Bessie Johnson, a well-known white woman, was arrested early this week charged with selling beer without a license, attempt to defraud one of the visitors to her house and for harboring minors. She was taken before Justice Caton and dismissed with the understanding that she was to leave the city within 24 hours, or be sent to jail under the vagrant act. The woman failed to comply with her promise and was rearrested yesterday by Officers Beach and Roberts. She was arraigned this morning in the Police Court and sent to jail for 60 days. The woman recently came here from Washington.

St Valentine's Day.

The meteorological conditions attending St. Valentine's Day were during the morning in contrast to those of Ground Hog Day. The weather was [illegible] and the heavens clear. In fact, [illegible] not been for snow and ice, the relics of the late blizzard, the chirping of the birds would have been all necessary for an ideal spring day. Many missives, comic and sentimental, have passed through the mails, and about as many more have been cautiously slipped under doors. The younger generation will enjoy the sport of delivering their "reminders" tonight.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, arrested by Officer Jones for vagrancy, was sent to jail for 30 days.

Bessie Johnson, arrested by Officers Beach and Roberts charged with vagrancy, was sent to jail for 60 days.

Robert Williams [illegible] William Marshall, both colored, [illegible] Officer Knight charged with [illegible] were dismissed.

New Electric Lights.

The Alexandria Electric Company has made arrangements to light the streets of the city tonight. The operatives of the plant have been busy for some time in making preparations toward this end, and should no unforseen contingency arise the current will be turned on tonight.

The city plant will, however, be kept in readiness in case any accident should happen which would prevent the new company from lighting the city.

For Good Roads.

Mr. C. C. Carlin, of Alexandria, and Director of Public Roads Page, of the Department of Agriculture, addressed a large audience at Herndon, yesterday, at the meeting of the Good Roads Association and Farmers' Club.

President Miller, of the association, introduced the speakers. In the course of his address Mr. Carlin referred to the benefits to be derived by all classes from goods roads and their maintenance, and favored federal and State aid for such objects. Furthermore he suggested that in choosing Congressmen or members of the State legislature a pledge should be exacted from the candidates that they would vote for and support in every manner possible the movement in aid of good roads.

Mr. Page dwelt at length upon the plans and scope of the branch of the public service which he represented and assured his hearers that the Department of Agriculture was willing to co-operate with communities which showed a disposition to improve the roads in their neighborhoods.

Funeral.

The funeral of the late Nicholas P. T. Barke, Alderman from the First ward and a member of the banking firm of Burke & Herbert, took place at 12:30 o'clock today from Christ Church, of which he had been a vestryman for some years past. The services were conducted by Rev. W. J. Morton, rector of that church, and Rev. Dr. S. A. Wallis, of the Theological Seminary, and the interment was in Ivy Hill Cemetery. The pallbearers were Messrs. Walter Roberts, W. G. Rogers, E. C. Dunn, William Bryant, Lawrence Washington, E. F. Price and Hubert Snowden. The funeral was largely attended, a large number of the friends of the deceased gathering at the church to pay tribute to his memory. The members of the City Council and the members of the vestry of Christ Church attended in a body and occupied seats reserved for them in the body of the church. During the funeral the bell in the steeple of the City Hall was tolled and the city offices were closed. The floral tributes were beautiful, that sent by the vestry of Christ Church being especially noticeable.

Corporation Commission.

The members of the Corporation Commission—Judge Crump, Col. Willard and Mr. Stuart—were in the city today and later went over the line of the W., A. & F. C. Railway. Tomorrow in the county court house the commissioners will sit and hear complaints that have been lodged against the road.

It is charged that the cars of the company are not properly heated; that the published schedule is not maintained; that it does not meet the demands of the public, and that certain of the rates for both passengers and freight are excessive and are not uniform.

Mr. R. C. L. Moncure, of Alexandria county, will appear as counsel for the patrons of the road, nearly 200 of whom have been summoned to appear and give testimony in support of their complaints. Mr. R. Walton Moore, of Fairfax county, will represent the interests of the company.

Family Theater.

The Family Theatre continues to draw a crowd to witness the performances given there. The six numbers on the programme would do well for higher prices, as they have been carefully selected and are sure to please any one. On Friday night a portion of the programme will be devoted to amateurs, a handsome prize to be given to the best performer. Those wishing to enter the contest are requested to leave their names at the box office. On Saturday afternoon at the matinee at 2:30 o'clock a special programme of interest to the little ones will be given.

Mr. John W. Berry, formerly representative of Davenport's Big City Show and many other attractions, is looking after the press work and advertising of the Family Theatre.

Wedding.

Miss Rena Kaufman, of this city, and Mr. Morris Blumenfeld, of Washington, were married at noon today at the home of the brides brother-in-law and sister, Mr. and Mrs. A. Katz, on south Fairfax street. Rabbi Stuart, of Washington, performed the marriage ceremony. Mr. and Mrs. Blumenfeld later left on a bridal tour. They will visit Atlantic City, New York and other places while on their trip.

Personal.

Mr. John Leadbeater left yesterday to attend a meeting of the South Atlantic Drug Association at Charleston, S. C.

Bids.

Bids were received and opened today for supplying coal for use of the U. S. Custom House and Postoffice in this city and were as follows: R. E. Grover, $6.25 per ton, and W. A. Smoot & Co., $5.83 per ton.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see! For sale by E. S. Leadbeater & Sons, druggists.

The Library.

The following books have been added to the Alexandria Library:

The Doctor, Ralph Connor; A Knight of the Cumberland, John Fox, jr.; On Newfound River, Thomas Nelson Page; The Dragon Painter, Sidney McCall; The Surrender of Margaret Bellarmine, Adeline Sergeant; The Pass, Stewart Edward White; Queen of the Rushes, Allen Raine; The Undertow, Robert E. LOCAL BREVITIES.

In the Corporation Court today Harry H. Simpson was appointed administrator of the estate of J. E. Welsh.

A meeting of the National Vaccine and Formaldehyde Company was held in this city today for the election of officers.

In the Corporation Court yesterday Mr. C. M. Schwab qualified as administrator of the estate of the late Adolphine Schwab.

The fair and mild weather of this morning was followed by light rains this afternoon. Sunshine, however, soon followed.

A called meeting of the Woman's Auxiliary to R. E. Lee Camp will be held tomorrow afternoon at 3:20 o'clock in Confederate Veterans' building. Business of importance will be transacted, and a full and prompt attendance is requested.

Alfred Lane, a well-known and respected colored resident, died at his home on north Henry street last night after a short illness from pneumonia. He had a large number of acquaintances in this city all of whom will regret to learn of his death.

REGULATIONS FOR LENT.

The following regulations for Lent have been issued by Bishop Van de Vyver:

Ash Wednesday, the first day of Lent, falls this year on February 13th.

1. All the faithful, who have completed their twenty-first year, are, unless legitimately dispensed, bound to observe the fast of Lent.

2. They are to take but one meal a day excepting Sundays.

3. The meal allowed on fast days is not to be taken till about noon.

4. A small refreshment, commonly called collation, is permitted in the evening.

5. The following persons are exempt from the obligation of fasting: Persons under twenty-one years of age; the sick; nursing women; those who are obliged to do hard labor, and those who, through weakness, cannot fast without great prejudice to their health.

6. The faithful are reminded that, besides the obligation of fasting imposed by the church, this holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sin, of seclusion from the world and its amusements, and of generous alms-giving.

7. The Paschal time extends from the first Sunday in Lent till Trinity Sunday; during which time all Catholics who have attained a fitting age are bound to receive worthily the Holy Communion.

By virtue of an Indult to the United States, dated August 3, 1887, the following special dispensations are granted:

1. The use of flesh meats is permitted at all meals on Sunday, and once a day on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of the second and last Saturdays of Lent. But flesh meat and fish are not to be used at the same meal during Lent, even on Sundays.

2. The use of butter, cheese, milk and eggs is also permitted every day in Lent.

3. It is allowed to take in the morning some warm liquid, as tea, coffee, or thin chocolate, made with water, and with this liquid a mouthful of bread.

4. Those for whom the hour of noon may be an inconvenient time for dinner, may invert the order and take their collation in the morning, and their dinner in the evening.

5. The use of hog's lard, or dripping, instead of butter, is authorized in preparing permitted food.

6. Persons exempt from the obligation of fasting are free to take meat more than once on those days when its use is granted by dispensation.

By virtue of an Indult granted to us by the Holy See, March 15, 1895, we permit to all workingmen and their families the use of flesh meat once a day on all fast days and abstinence days throughout the year with the exception of Fridays, Ash Wednesdays, the Wednesdays and Saturdays of Holy Week, and the Eve of Christmas

Those who avail themselves of this Indult are not allowed to use flesh meat and fish at the same meal, and they are earnestly exhorted to perform some other act of mortification, such as abstinence from intoxicating liquors.

The Rev. Pastors are reminded that on the first Sunday in Lent the collection for the Indian and Colored Missions is to be taken up in all the churches throughout the diocese.

PRICE ONE CENT. THE SUN.

(BALTIMORE, MD.)

All subscribers in District of Columbia, Virginia, North and South Carolina, Pennsylvania, Delaware and throughout the United States can get the Sun at 1 cent a copy.

The Sun At One Cent

Is the cheapest high-class paper in the United States.

The Sun's special correspondents throughout the United States, as well as in Europe, China, South Africa, the Philippines, Porto Rico, Cuba and in every other part of the world, make it the greatest newspaper that can be printed.

Its Washington and New York bureaus are among the best in the United States, and give the Sun's readers the earliest information upon all important events in the legislative and financial centers of the country.

The Farmer's Paper.

The Sun's market reports and commercial columns are complete and reliable, and put the farmer, the merchant and the broker in touch with the markets of Baltimore, Norfolk, Charleston, New York, Chicago, Philadelphia and all other important points in the United States and other countries.

The Woman's Paper.

The Sun is the best type of a newspaper morally and intellectually. In addition to the news of the day, it publishes the best features than can be presented. The Sun is published on Sunday as well as every other day of the week.

By mail the Daily Sun, $3 a year; including the Sunday Sun, $4. The Sunday Sun alone, $1 a year.

Address A. S. Abell Company, Publishers and Proprietors, Baltimore, Md.

New York Daily Tribune.

If you want a publication that serves up so much gore and so many thrills in every issue and do not care whether what you read is true or false, it is money thrown away to buy the Tribune. If, however, you are looking for a daily history of the world, carefully collated and sifted, you cannot make any mistake in reading the Tribune every day. The Daily Tribune contains special articles on nearly every subject which interests intelligent and clean-minded people, to say nothing of the instructive editorial articles and reviews of books, music, art and the drama. Invest $1 and get the Daily and Sunday Tribune by mail for a month. With the Sunday Tribune goes a handsome Illustrated Supplement and a Magazine equal to anything sold for ten cents

Explosion of a Locomotive.

By the blowing up of the locomotive of Ontario and Western train No. 13, near Luzon, Sullivan county, N. Y., yesterday afternoon, two men were instantly killed, one fatally injured, and a dozen passengers hurt. At 4:27 p. m., when an eighth of a mile south of Luzon station, and while running forty miles an hour, the locomotive boiler exploded, and the engine in an instant became a heap of scrap iron. The force of the explosion was terrific, a great hole being torn in the track and the baggage car torn to pieces. The four day coaches went down the bank in the ditch, turning on their sides. Engineer William Gadwood was blown a hundred feet into a field on the right side of the track and had several fractures of the skull. Fireman Martin Mullen was found a hundred feet in a field on the left side of the track. He had been instantly killed, the top of his head having been blown off. While the searchers were hunting for the engineer and fireman the mutilated remains of another man were found.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

Japanese Question Settled.

At a conference held at the White House yesterday afternoon President Roosevelt and the California delegation, headed by Mayor Schmitz, of San Francisco, reached an agreement for the settlement of the various questions regarding the exclusion of Japanese labor from this country, and the admission of Japanese pupils to San Francisco schools. Another conference, which it is believed will be the last, will be held at the White House at 4 o'clock Friday afternoon, when the few details yet pending will probably be decided.

"The important thing is," said Mayor Schmitz, immediately after the White House conference, "that we have reached the basis for an agreement which will be satisfactory both to the President and Secretary of State Root and to the people of California, whom we are representing."

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by E. S. Leadbeater & Sons, druggists.

ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO.

Negro Suffrage Case.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely o'd Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. If safe even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Endorsed by the County.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by E. S. Leadbeater & Sons, druggists. Price 50c and $1. Trial bottle free.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed air-passage. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the remedy in solid form and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren Street, New York.
